Information by the Board of Management on the Share Buyback Program 2025

The Board of Management of Daimler Truck Holding AG resolved on July 7, 2025, with the approval of the Supervisory Board, to launch a share buyback program. In this context, the Company intends to acquire its own shares (ISIN DE000DTR0CK8, “Daimler Truck-shares”) at a total purchase price of up to EUR 2 billion (not including ancillary acquisition costs), but not exceeding 72,487,118 Daimler Truck-shares, via the stock exchange or a multilateral trading system within the meaning of § 2 (6) German Stock Exchange Act (Börsengesetz). The program was launched on March 16, 2026, and is scheduled to be completed at the latest by March 28, 2028.

The acquisition of treasury shares is based on the authorization from the [General Meeting of Daimler Truck Holding AG on May 27, 2025](#).

The acquisition of the shares takes place on the stock exchange in several tranches:

As part of the first tranche, for the purposes specified in Art. 5 para. 2 of Regulation (EU) 596/2014, own shares shall be acquired for a total amount of up to EUR 400 million over a period of four to six months.

From March 16, 2026, up to and including April 28, 2026, 1,676,547 treasury shares with a pro rata amount of EUR 1.00 each in share capital were acquired for a total amount of EUR 70,462,508.51 (not including ancillary acquisition costs). This corresponds to approximately 0,22% of the Company’s current share capital.

Due to the temporary interruption of the share buyback program around the Annual General Meeting, this status corresponds to the status on the day of the Annual General Meeting.

Further information on our current share buyback program can be found at <https://www.daimlertruck.com/en/investors/share/share-buyback-program/share-buyback-program-2025>.

Information on the completed share buyback program 2023, which was also carried out in part on the basis of the authorization from the General Meeting on May 27, 2025, can be found in the 2025 Annual Report.
